

Difficulty Logging In?

Please follow the instructions below to assist with your login difficulties:

New Students

Your Rowan ID number is located within your admissions acceptance packet. Your pin, however, is not included for security purposes.

If you are having difficulty logging in, please follow the guidelines below:

1. Most pins are initially set as the student's 6-digit birthdate in this format: **mmddy.**
2. If a birthdate was not entered during the admissions application, please try these alternative options:
 - Last 6-digits of the Banner ID #.
 - Last 6-digits of the Social Security Number.
3. If none of these options work, please visit the Activation Site at:

<http://www.rowan.edu/password/activation>.

After a few questions are answered, students will be provided with their Pin # and Rowan e-mail account information. **IMPORTANT:** The activation site will only work **AFTER** your \$100 enrollment deposit is received and processed by the Admissions Office.

Returning Students

Please visit www.rowan.edu/mybanner to verify your Pin number.

Important things to keep in mind:

- To log in, use your **Rowan ID** number and your six digit **Pin** number.
- Your Rowan ID number should contain no dashes or spaces when logging into the housing site.
- Your Rowan ID Number and Pin is **NOT** the same as your network username and password used for your Rowan e-mail account.
